Ever thought about becoming a foster carer?

The Fostering Shared Services welcomes applicants of all different walks of life.

Open your heart and your home to make a difference.

We offer:

- Free comprehensive training
- Network of peers and professionals to support you
- Weekly allowance for the child and a fee for yourself

Hanora's story

"I've fostered for 35 years and can't imagine stopping."

I started my childcare journey as a registered childminder, and I would often see ads in the newspaper looking for foster carers. We used to have childminder support groups and someone from the council came to one of our meet ups to talk to us about fostering.

I've always known it was something I wanted to do, so put my name forward that same day and have been a foster carer ever since. I've looked after more than 240 children in that time. They've each come from different backgrounds and have been a mix of short term, long term and emergency placements.

When I first started fostering, my youngest biological child was eight and so it felt best to foster under this age.

Being able to extend my family and open my home to so many children is a great honour, and I'm proud to have made a difference in so many children's lives.

Recently, I had a young woman reach out to me through Facebook. She had been

looking through her files and found an old picture of me holding her as a baby. After some digging in my diaries, I found out that I had cared for her for five days, 27 years ago. She is now happily adopted and simply wanted to thank me.

That makes fostering worthwhile.

All children need loving homes and, as they get older, they tend to appreciate the dedication and support you give them."

Earlier this year Hanora was surprised with a trip to Florida on Ant & Dec's Saturday Night Takeaway television show.
