JOIN US AT BLINK BROW BAR

Discover Careers
at Blink Brow Bar:

Blink Brow Bar was created as a solution to the lack of expert threading services in London and has since remained at the forefront of the brow and lash industry.

Today, we offer expert brow and lash services at 15 Brow Bars across the UK. In London, we have luxury boutiques in some of the city's most exclusive neighbourhoods, including Chelsea, Notting Hill, and Knightsbridge, as well as locations in premium department stores such as Selfridges and Liberty. Alongside our treatments, we also offer an award-winning range of products designed to enhance and care for brows and lashes at home.

As we continue to grow, we're expanding our team and seeking passionate individuals to help shape the future of beauty. Join us and become part of a brand that empowers confidence, one brow at a time.

Are you looking for a career where you know you can make a positive difference to someone's life?

We are a London based charity **looking for Support Workers** to support people with learning disabilities, autistic people, and people with mental health support needs.

Becoming a Support Worker at Certitude means you can have fun whilst supporting people to develop new skills, meet new people and live the life they want.

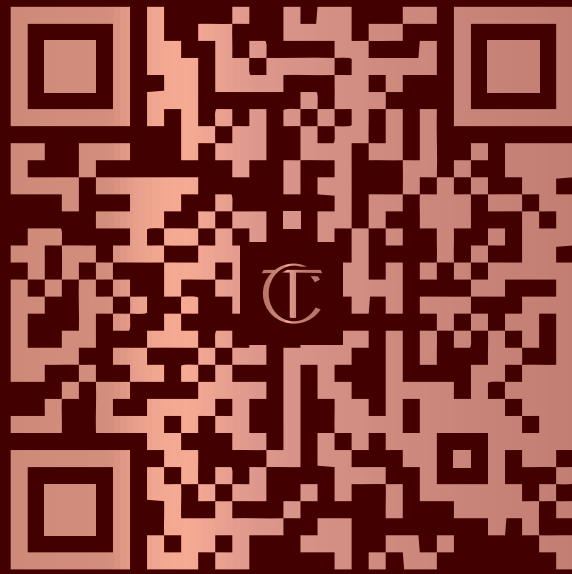

Experience is not always essential. We offer training and development opportunities as well as excellent benefits.

THE HOME EXPERTS

Ever thought about becoming a foster carer?

The Fostering Shared Services welcomes applicants of all different walks of life.

Open your heart and your home to make a difference.

We offer:

- Free comprehensive training
- Network of peers and professionals to support you
- Weekly allowance for the child and a fee for yourself

Hanora's story

"I've fostered for 35 years and can't imagine stopping."

I started my childcare journey as a registered childminder, and I would often see ads in the newspaper looking for foster carers. We used to have childminder support groups and someone from the council came to one of our meet ups to talk to us about fostering.

I've always known it was something I wanted to do, so put my name forward that same day and have been a foster carer ever since. I've looked after more than 240 children in that time. They've each come from different backgrounds and have been a mix of short term, long term and emergency placements.

When I first started fostering, my youngest biological child was eight and so it felt best to foster under this age.

Being able to extend my family and open my home to so many children is a great honour, and I'm proud to have made a difference in so many children's lives.

Recently, I had a young woman reach out to me through Facebook. She had been

looking through her files and found an old picture of me holding her as a baby. After some digging in my diaries, I found out that I had cared for her for five days, 27 years ago. She is now happily adopted and simply wanted to thank me.

That makes fostering worthwhile. All children need loving homes and, as they get older, they tend to appreciate the dedication and support you give them."

Earlier this year Hanora was surprised with a trip to Florida on Ant & Dec's Saturday Night Takeaway television show.

To find out more about the Fostering Shared Services of Hammersmith & Fulham Council, Westminster Council, and Kensington & Chelsea Council please contact us.

Build Confidence. Build Skills. Build Your **Future.**

Sometimes it feels like the pace of change is outpacing your skills. That's where Udemy comes in.

Udemy is an AI-enabled online learning platform designed to help you build the skills you need to move forward — whether that's landing your first role, preparing for a promotion, or making a career pivot.

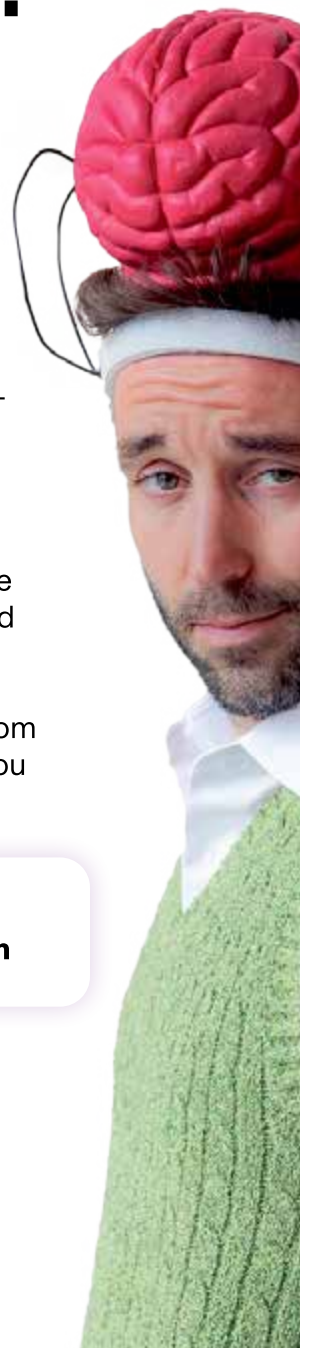

With courses taught by real-world experts, Udemy makes learning practical, personalised, and built around your goals. **Udemy's personal learning subscription, Personal Plan**, gives you access to top-rated courses, practice quizzes, and certification prep resources so you can master (and even prove) your skills before your next interview. **Unlike others, Udemy isn't just AI, you get access to human instructors who give you real advice and share their experiences to help you along your journey.**

Use Udemy Personal Plan to:

- **Sharpen your interview skills** — practise with AI Role Plays before the real thing to build your confidence.
- **Stay up to date on industry trends** — show employers you're current with fresh content added daily, from cloud to productivity and business skills.
- **Learn how to master AI** — go from using AI to working with AI so you stand out in the job market.
