# Ever thought about becoming a foster carer?

The Fostering Shared Services welcomes applicants of all different walks of life.

Open your heart and your home to make a difference.

**We offer:**

- Free comprehensive training
- Network of peers and professionals to support you
- Weekly allowance for the child and a fee for yourself

**Hanora's story**

**"I've fostered for 35 years and can't imagine stopping."**

I started my childcare journey as a registered childminder, and I would often see ads in the newspaper looking for foster carers. We used to have childminder support groups and someone from the council came to one of our meet ups to talk to us about fostering.

I've always known it was something I wanted to do, so put my name forward that same day and have been a foster carer ever since. I've looked after more than 240 children in that time. They've each come from different backgrounds and have been a mix of short term, long term and emergency placements.

When I first started fostering, my youngest biological child was eight and so it felt best to foster under this age.

Being able to extend my family and open my home to so many children is a great honour, and I'm proud to have made a difference in so many children's lives.

Recently, I had a young woman reach out to me through Facebook. She had been

looking through her files and found an old picture of me holding her as a baby. After some digging in my diaries, I found out that I had cared for her for five days, 27 years ago. She is now happily adopted and simply wanted to thank me.

That makes fostering worthwhile. All children need loving homes and, as they get older, they tend to appreciate the dedication and support you give them."

Earlier this year Hanora was surprised with a trip to Florida on Ant & Dec's Saturday Night Takeaway television show.

To find out more about the Fostering Shared Services of Hammersmith & Fulham Council, Westminster Council, and Kensington & Chelsea Council please contact us.

# NO ORDINARY JOB

**You'll work your way through the ranks gathering unrivalled skills and training as you progress, all whilst travelling the world and making friends for life. It really is no ordinary job.**

We look at you differently; a career in the RAF is about discovering your natural talent and working together to find out what makes you happy, productive and brings you the most value in your life. The RAF is full of ordinary folk who come to us often with nothing more than a desire to lead a less ordinary existence.

## WORKING AND LIVING IN THE RAF

**T**here's nothing like a career in the RAF, it's not just a job but a way of living. We give everyone access to training and activities so they can reach their potential and grow alongside the RAF in the UK and abroad.

Joining the RAF will bring you a raft of opportunities and benefits. You'll be paid as soon as you start initial training, accommodation and food will all be subsidised along with free health and dental care.

You can choose to play sport at multiple levels whether it's casually on base with friends or representing the RAF on an international level.

There's choice too, whether you want to take on adventure training at weekends, travelling to areas of the world you never thought you'd see or you want to spend spare time visiting friends and family.

Between work, travel and sport no two days will be the same.

## Short term posts

You could be sent on short-term overseas duty to use your skills to help with specific, temporary projects.

This type of duty can vary in length from a few days to a few months, depending on the job and you could be air-lifting supplies to a snow-bound mountain village, rescuing stranded crew from enemy territory or taking part in any number of challenges.

## Long term posts

You could be posted to locations all over the world for 2-3 years, working with coalition partners like NATO.

You'll find the same comfortable accommodation and quality food that you would back home in the UK with the opportunity to experience a place you wouldn't normally.

We provide a network of support for partners and children back home or they can join you on your posting.

## WHY JOIN THE RAF

- Travel
- Subsidised food and accommodation
- Flexible working opportunities
- 6 weeks annual leave
- Competitive Paid apprenticeships
- Adventurous training opportunities

## BECOME A MET POLICE OFFICER WITH A STARTING SALARY OF OVER £42K

**Become a Met police officer, unlock your potential, support London's communities and help make London a safer city for all.**

The Met is working hard to increase trust, reduce crime, and maintain high standards and recognises the need to change.

We're looking for people from all walks of life who share our values of integrity, courage, accountability, respect and empathy to join us and help to deliver the change needed for London and its communities.

### Change Your Potential

Policing is a challenging but rewarding career like no other.

With your determination, we will help you reach your full potential as a Met police officer.

You'll have a real impact on the lives of Londoners every day, learn and develop new skills and have access to endless career opportunities all whilst earning a competitive salary of over £42k.

### Join us

There are two entry routes to join us as a new police constable in the Met.

- **Police Constable Degree Apprenticeship (PCDA)**
- **Police Constable Entry Programme (PCEP)**

Whichever route you choose, you'll be employed as a police officer from day one. You'll receive the best training, combining classroom learning with working alongside experienced officers to fully equip and prepare you for the unique challenges of policing London. Just as important as our officers are our police staff who work behind the scenes, providing the organizational capability to police London.
